Re: Public Information
Dear Lloyd:

I am enclosing herewith information that I would appreciate you having published for the information of the qualified voters in Appomattox County as to the present appointment of the School Board and the alternative method of appointment by the Board of Supervisors, providing 25% of the qualified voters in the county who voted during the last presidential election sign the petitions that I intend to have circulated immediately requesting the Circuit Court to place the question on a ballot which shall read as follows:

"Shall the present method of selecting the members of the School Board be changed from appointment by The School Trustee Electoral Board to appointment by the Board of Supervisors?" Yes..... No .....

Should a majority of the votes cast favor changing the appointment of the School Board by the Trustee Electoral Board to the Board of Supervisors, then the Trustee Electoral Board shall be abolished.

I am enclosing herewith some information taken from the Virginia Code as to the present system and the alternative system.

I would personally appreciate publication of this information in any form that you so desire, in order to inform the citizens of the county as to the nature of the petition that will be circulated as soon as possible.

Thanking you again and with best regards, I am

Yours truly,
Robert W. Carter

PUBLIC INFORMATION
APPOINTMENT OF
SCHOOL BOARD

Virginia law does not permit the election of School Board members by popular vote; however, the Virginia Legislature in 1970 provided for the appointment of School Board members by the governing body of the county (Board of Supervisors) upon a majority vote of the qualified voters in the county.

Section 22-79.4 provides that upon a petition filed with the Circuit Court of Appomattox County and signed by 15% of the qualified voters who voted in the preceding presidential election, asking that a referendum be held on the question of changing the method of selection of members of the county School Board, the Court shall, by order entered require the election officials on the date fixed in the order to open the polls for the qualified voters to vote by secret ballot, as follows:

"Shall the present method of selecting the members of the County School Board be changed from appointment by the School Trustee Electoral Board to appointment by the governing body of the county." Yes ..... No .....

The present system of selection of the School Board members, one from each election district of the county is by appointment by the School Trustee Electoral Board, who are appointed by the Circuit Court of Appomattox County to serve for a period of four years. The members of the School Board of Appomattox County serve staggered terms, one for two years; one for three years; and one for four years, and any vacancies occuring on the School Board are filled by the School Trustee Electoral Board of the county. Each School Board member receives a present salary of $1,200.00 per year set by Virginia law.

The School Trustee Electoral Board of Appomattox County, as appointed by the Circuit Court, may appoint School Board members without consulting the qualified voters of each magisterial district from which each School Board member is chosen.

It is my opinion that as the Board of Supervisors of the county are elected from each magisterial district that their appointment of our School Board would create a more desirable representative body - one that would represent the interests of the parents having children in our public schools, taxpayers and represent a cross section of our county.

I, personally, urge all qualified voters of the county to sign the petition presently being circulated in order to permit the qualified voters of Appomattox County to decide which method is the better in the appointment of our School Board.

Respectfully,
Robert W. Carter
Attorney at Law
Appomattox, Virginia

### LETTER TO THE EDITOR

All parents want their children to get the best education possible; do they realize just how much responsibility lies with the parents themselves?

Children who are taught to behave and obey their parents are children with whom the teachers and school personnel can spend more time teaching and less time on discipline problems. The less time Mr. Walton, the principals and teachers have to spend trying to handle problem children, the more time can be used constructively.

Can you imagine the time Mr. Paulette has to spend in trying to answer the calls and the complaints he gets from the bus drivers because of children that they find impossible to handle --- the complaints from irate parents whose children have been subjected to ugly and abusive language? Could this child that is causing the problem be YOUR child?

Those of us who are bus drivers have only a few students who refuse to listen when spoken to or to obey when asked to quiet down or do whatever is needed to maintain order. This one child can give the whole bus a bad name and not only that, can give that bus driver a bad name.

It is the wish of those of us who are bus drivers that parents first of all love their children, see that they are taught to obey at home and elsewhere, and to teach them respect for teachers, school officials, and most of all respect for their fellowman. Each child is given a list of "do's" and "don'ts" by the driver that has been prepared by Mr. Walton; how many of you have seen this list and are aware that there are guidelines for your children's behavior on the bus?

How often does the teacher of your child have to interrupt the teaching to handle a discipline problem? She or he has been hired to teach first; how much responsibility lies with you, the parent for the number of interruptions?

It would take only a quick glance in the bus mirror to watch a disruptive child for a driver to lose control of the bus load of children. Those of us who drive take very seriously the responsibility of getting your children to and from school safely. Do You?

Parents, seek God's guidance and then with His help teach your children discipline; it is one way for assuring greater safety on the bus and more time for teaching in the classroom. We love those children we know you do too. Let's work together.

Dear Sir:

I would like to thank all who made it possible for the Bike-a-Thon to be held for the Cystic Fibrosis Foundation. The City of Pamplin was the official sponsor, and I was asked to serve as Chairman by the Cystic Fibrosis Foundation, but I found that it was a tri-county project, thoroughly enjoyed by all, and with the most complete cooperation I have ever experienced.

Regardless of what was needed, what I asked, or the time and effort involved, not once did anyone refuse to do whatever could be done to make the Bike-a-Thon a success. The District Commissioner of Highways, the Sheriff's Department, the Mayor of Pamplin, the Town Council, the Appomattox Rescue Squad,the State Police who provided an escort to insure proper protection for the riders-all were interested, courteous and helpful.

There were 29 riders participating from Appomattox, Charlotte and Prince Edward Counties, and all 29 rode the ten mile route laid out from Pamplin to Madisonville and return. The ladies from the Pamplin Chapter of AARP helped to provide refreshments for the riders.

Over $450.00 was pledged to the Cystic Fibrosis Foundation, which is very gratifying. But over $650.00 was exploited them, we have good reason to fear what would happen when they gain some power.

Sincerely,
Mrs. Harold Shorter, Chairman
Cystic Fibrosis Bike-a-Thon

## The Pastor Speaks

We need to form habits to express what God's grace has done for us and in us. We need to get into the habit of enjoying the disagreeable. It is not a question of just being saved from hell, but of being saved in order to manifest the life of the Son of God in our own flesh; and it is the disagreeable things which make us exhibit whether or not we are manifesting His life. Do I manifest the essential goodness and sweetness of the Son of God or the essential irritation of "myself" apart from Him? The only thing that will enable me to enjoy the disagreeable things in life is the keen enthusiasm of letting the life of the Son of God manifest itself in me. No matter how disagreeable a thing or circumstance may be, we need to say, "Lord, I am delighted to obey you in this matter." having done this, the Son of God will press to the front and there will be manifested in my human life that which glorifies Jesus Christ.

There must be no debate or argument. The moment you obey God in this respect, His power comes to the forefront; but if you argue or debate you grieve the Spirit of God. You must keep yourself fit to let the life of Jesus Christ be manifested, and you cannot keep yourself fit if you give way to self-pity. Our circumstances are the means of manifesting how wonderfully perfect and extraordinarily pure the Son of God is. The thing that ought to make our heart beat is finding a new way of manifesting the Son of God. It is one thing to choose the disagreeable, and another thing to go into the disagreeable by God's engineering. If God put you there, He is sufficient for the situation.

Keep your soul fit to manifest the life of the Son of God. Never live in the past. Let the Word of God be always living and active in you.II Cor. 4:10 says, "The life also of Jesus might be made manifest in our mortal flesh."

## THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

### OLD/NEW STORY

Lesson for June 5,1977

Background Scripture: Exodus 1 through 2.
Devotional Reading: Psalms 105:12-25.

Rev. Althouse

Thirty-three hundred years ago there was trouble in Egypt.

How could something that happened that long ago be of any interest or relevance to us today? The world has changed so much in thirty-three centuries. Society has changed. Technology has changed. Geography has changed. Everything has changed — except people!

And since people produce the headlines, they have not changed much either:

EGYPT KEEPS WARY EYE ON ISRAEL'
ISRAEL PROTESTS EGYPTIAN "PROVOCATIONS"!
JEWS AND EGYPTIANS CLASH AGAIN!

The story in the Book of Exodus may be an old one, but it is also very contemporary. For example, the roots of conflict are still much the same. The writer of Exodus outlines these for us. First of all, there is FEAR! "Behold," say the Egyptians among themselves, "the people of Israel are too many and too mighty for us" (Exodus 1:10). Look around the world today and wherever you see major unrest you will also hear people saying "They are too many and too much for us" — in Ireland, in Lebanon, in Southeast Asia, yes, and in our own land, too. Wherever there are minorities and majorities there is fear at work.

**Let us deal shrewdly**

Secondly, the writer of Exodus tells us that there was EXPLOITATION — "Come, let us deal shrewdly with them, lest they multiply..." (1:10). We can always find good reasons for doing the wrong thing. Our own colonials found good reasons for introducing and perpetuating slavery. Many nations found good reasons to build colonial empires.

One of the "good" reasons that motivated the Egyptians was the fear that "if war befall us, they join our enemies and fight against us..." (1:10b). When we have oppressed people and exploited them, we have good reason to fear what would happen when they gain some power.

**But...they multiplied**

The fact is, exploitation is usually profitable. The Egyptians lived in dread of the Israelites, yet at the same time they didn't want to let them go. They needed them, just as the USSR both oppresses its own Jews and yet refuses to let them go.

The old/new story: "So they made the people of Israel serve rigor, and made their lives bitter with hard service..."(1:13,14). It has been customary for men and nations to deal with their guilt, not by changing their actions, but intensifying them. It is as if an evil course pursued hard enough and long enough will somehow become "right."

From this old story there is a lesson to be learned that is both ancient and contemporary: "But the more they were oppressed, the more they multiplied and the more they spread abroad" (1:12) — when we set ourselves on a collision course with the will of God, even man's most monstrous evil cannot long prevail.

## Local Man In "Dawn Patrol '77"

Navy Operations Specialist Third Class Larry M. Exner, son of Mr. & Mrs. Jarvis C. Oxner, Sr. of Rt. 4, Box 185, Appomattox, Va., recently participated in the annual NATO exercise "Dawn Patrol '77".

He is serving as a crewmember aboard the amphibious transport dock USS Nashville, homeported in Norfolk, Va. His ship is currently on an extended deployment as a unit of the U.S. Sixth Fleet in the Mediterranean Sea.

The two-week exercise was designed to test the ability of NATO forces to provide rapid reinforcement of southern Europe. Twenty - four ships from the Sixth fleet joined with naval units from Italy, Turkey and the United Kingdom to form the naval component of "Dawn Patrol 77." Air and land forces were composed of units from the U.S., the Netherlands, Belgium, Italy, West Germany and the United Kingdom.

"Dawn Patrol '77" was directed by Italian Admiral Luigi Tomasuolo, commander-in-chief, Allied Forces,Southern Europe. The Sixth Fleet units were under the operational command of Vice Admiral Harry D. Train, II, in his NATO capacity as Commander, Naval Striking and Support Forces, Southern Europe.

The exercise provided training in tactical air operations, electronic warfare tactics, antisurface operations and reconnaissance, and included a major amphibious landing on Sardinia.

Oxner joined the Navy in July 1974.
